

## ➤ Service & Repair

FEMCO repairs damaged components; reverse engineers hard to find or obsolete parts; rebuilds mechanical components; and provides expert service for equipment removal, installation, and field repairs. FEMCO supplies a wide range of OEM quality parts such as gearing, shafts, pins, machined castings, forgings, and complex machined components.

## ➤ Equipment Rebuilds

FEMCO can completely repair or rebuild a company's equipment to industry standards. Obsolete or hard to obtain parts can be reverse engineered, manufactured, and rebuilt to OEM standards. FEMCO helps upgrade your equipment to ensure efficient operation.

## ➤ Gearing

Companies seeking to extend the life of power transmission gears increasingly depend on FEMCO for gearing expertise. FEMCO capabilities in gear and tooth grinding enables companies to attain specifications reaching Class 10 and Class 12 (AGMA 10 and 12) quality for tolerance levels, exceeding those of most competitors. (Bevel, Spur, Helical, and Double Helical gears can be manufactured up to 160" in diameter and a maximum face width of 32").

## ➤ Press

FEMCO has the experience to rebuild, repair, and upgrade your metal forming equipment. In addition, FEMCO can supply new control systems, OEM quality parts, repair parts such as brakes, clutches, overload systems, and crankshafts. FEMCO supplies expert field inspections, evaluations, and repairs. The FEMCO repair facilities have capabilities for the heaviest and largest machines. FEMCO repair centers feature:

- 50 feet of ceiling height
- Two press pits (12ft)
- Cranes ranging in size from ½ to 75 tons
- 480 volt, 3 phase AC & 220 volt DC power
- 75' x 185' bay
- Separate wash bay

## ➤ Precision Specialty Parts & Components

FEMCO maintains an impressive array of CNC and digital/manual machining centers to manufacture complex specialty parts and to provide the critical machining of large components to your specifications.

## ➤ Field Services & Support

FEMCO provides dependable mobile field service & support along with emergency repair service - 24/7.
